📍 Paris / Île-de-France

PROFILE

PhD candidate (EPHE-PSL / UCLouvain) with experience in higher education teaching, pedagogical coordination and content production, focused on **learning design**, **instructional pathway design and structuring**, and **digital training project management**. Strong ability to analyse learning needs, define learning objectives, design coherent learning solutions, coordinate stakeholders and ensure the operational deployment of training projects.

Keywords: instructional design, learning engineering, digital learning, training project management, learning pathway design, blended learning, hybrid learning solutions, project coordination, assessment.

CAREER OBJECTIVE

Target: work-study programme (1–2 years) in instructional design / digital learning project management, with a progression towards roles as **Instructional Designer** or **Digital Learning Project Manager**. Learning pathway design, project leadership and deployment of training solutions.

EXPERIENCE

Université Paris Sciences et Lettres Paris

PhD Researcher (fixed-term contract) – Humanities and Social Sciences 2023–2026

- Structuring and production of complex content for educational purposes (learning materials, syntheses).
- Coordination of institutional stakeholders and organisation of educational events.

Université Paris Nanterre Nanterre

Adjunct Lecturer – Research Methods Fall 2025

- Learning needs analysis and definition of learning objectives.
- Design and structuring of learning sequences and instructional materials.
- Formative assessment, feedback and learner support.

Université Paris Lumières Campus Condorcet

Administrative, Pedagogical and Financial Project Manager 2023

- Management of pedagogical and institutional projects: planning, milestones and deliverables.
- Coordination of multiple stakeholders (academic, administrative teams, partners); facilitation of cross-service collaboration.
- Operational monitoring, reporting and continuous improvement of training schemes.

Institut Catholique de Paris (ICP) Paris

Pedagogical and Administrative Assistant 2022

- Course scheduling and resolution of timetable conflicts.
- Administrative follow-up of lecturer recruitment and assignment.
- Administrative and logistical organisation of examinations and assessment systems.

SKILLS

Instructional design

Learning needs analysis · Learning objectives · Learning pathway design · Assessment

Training project management

Needs scoping · Planning · Deliverables tracking · Stakeholder coordination · Operational management

Tools & data

R (data cleaning, analysis, visualisation) · Python (basic knowledge) · Neo4j / Cypher · LaTeX

Languages

French C1 · English C1 · Ukrainian C2 · Russian C2 · Greek B2
Italian, German (reading)

EDUCATION

EPHE-PSL / UCLouvain

PhD – History (ongoing)

Since 2023 · Digital humanities, corpus structuring and database design, qualitative and quantitative data analysis, organisation of field research missions, and production of educational resources (academic articles, international conference papers).

EPHE-PSL

Master's degree – Civilisations, Cultures and Societies

2022–2023 · Graduated with honours (High distinction).

Université Paris Nanterre

Bachelor's degree – Psychology

2019–2022 · Graduated with honours (High distinction).

CERTIFICATIONS

2024 — **Cypher and Graph Data Modeling**, Neo4j GraphAcademy

2024 — **Introduction to R Programming**, EPHE-PSL
